## Organisation and Group Structure Charts

Please include the following with your initial inquiry to assist the regulator in effectively determining the required licenses:

- An organisation chart, providing a clear visual representation of your company's structure, helping the regulator understand hierarchy, reporting lines, and functions. Such organization chart must contain the Ultimate Beneficial Owner(s) of the entity. This will ensure transparency and allow the regulator to evaluate key roles, qualifications, and compliance officers.
- If applicable, include a group structure chart providing full details of the governance, ownership and control of the company. Such group structure chart must contain the Ultimate Beneficial Owner(s) of the group. It should also include the relevant shareholdings of all stakeholders, allowing the GCGRA to evaluate which entities in the group require licensure.

## Trade or Commercial Gaming License

If applicable, please provide a copy of any gaming-related licenses the Applicant has from other jurisdictions. Include any licenses held by the entity or by an affiliated entity listed in the organisational structure. Additionally, provide copies of any trade licenses and tax registration numbers held by the Applicant in the UAE.

## Disclaimers

All gaming regulations, as enforced by the GCGRA, must be followed and complied with at all times.

## Declaration

By signing this form, the Applicant deposes and declares that the above statements are true and correct to the best of their knowledge and belief and that this statement is executed with the knowledge that any misrepresentation or failure to reveal any required information may constitute sufficient cause for the GCGRA to reject the Applicant's application. The Applicant further acknowledges that later discovery of an omission or misrepresentation made in the above statements may be grounds for the denial or revocation of a gaming license (if granted) and other penalties.

The Applicant hereby acknowledges it will inform the GCGRA of any changes in the Applicant's corporate structure, change of control or other significant changes and shall provide all related information as required by the GCGRA.
